

NATHAN WESENBERG

Representing the 10th District in Minnesota's Senate

I hope everyone had a good Easter break! I spent time at home playing with the kids and getting some work done around the house.

After coming back to session from a week off, we are now moving into omnibus bill season. Most of the bills we will be discussing are not good. If you see me vote NO on something that seems ok, it is because there is much garbage in the bill. All bills will pass with the Democrats being in the majority. If we want to stop wasteful spending, we must start voting against big pork bills and work on passing what will actually help Minnesotans. Small bills with necessities and let taxpayers keep more of their hard earned money.

The 2nd amendment rally in Little Falls had a great turnout. The weather was horrible with icy roads, and we still had just under 150 people show up. Sheriff Shawn Larson, Representatives Mike Weiner, Isaac Shultz and Ron Kresha, were also in attendance. Thank you to everyone who showed up to support defending our freedoms! Also, thank you to the many people who wanted to show up, but had to stay home due to the weather. Continue to call and write to legislators and tell them to leave our rights alone!

I had Education Minnesota in my office this week (think the teachers union flushing our education down the toilet). There was some back and forth about how we need to actually help our children learn with education, rather than just indoctrinating them with social issues. I have 4 books on my desk that are used within our education system. 1.) It's Perfectly Normal, 2.) Sex is a Funny Word, 3.) It's so Amazing..., 4.) It's Not the Stork. These books are inappropriate to give to children in schools. These books are not in every school and all schools are not full of perversion. Yet there are still many schools with some of these books, or books like them, that teach kids about blowjobs, masturbation, sex, etc. in a pornographic way. This is inappropriate and is child abuse. I told one of the individuals that this stuff is perverted and wrong and should

not be in our schools. He said, "If we don't teach it to them, who is supposed to?" My response, "NOBODY!" I told him he needed to leave my office if he thought this was appropriate for children. He refused to leave. I asked multiple times for him to leave, and he refused. I ended up loudly telling him to leave and walked out of my office. He then got in my face and said, "It is because of you Christians that kids are the way they are today!"

Education Minnesota and the leftists just told us what they think about us and our way of life. They want to confuse our children and teach porn and racism. We are Christians who want our children to get a good education, want to protect our children, work together and be kind to everyone.

If you would like to read a little more about this story, there is one posted on Rocks and Cows on Facebook.

I am glad that spring is finally arriving! I hope everyone has a great weekend! I will continue to fight for you.

Sincerely,

Nathan Wesenberg

Minnesota Senate, District 10
