

CD8 Delegates / Alternates,

In this folder you'll find documents for both our governing documents - Bylaws and Constitution. There was significant discussion on many topics throughout both of these documents over the course of months of effort by the committee. Each change that is a recommended removal has a strike-through and each addition is underlined in red. Everything in black is already existing language, without recommendation from the committee to alter.

If you should have any questions on either of these, please let me know.

Best regards,

Eric Langness

CD8 3rd Vice-Chairman

CD8 Constitution & Bylaws Committee Chairman
